Data Update 1: Money Market Funds and the Eurozone Debt Crisis

By Sean Collins and Chris Plantier

In October, we discussed how portfolio managers of U.S. prime money market funds have addressed the ongoing debt crisis in the eurozone. Here is a look at the latest monthly data on these funds' holdings by home country of issuer. We will revisit the topic in mid-December with updated analysis once November figures become available.

U.S. Prime Money Market Funds' Holdings of Eurozone Issuers

Percentage of prime funds' total assets, end of month

Note: Data exclude prime money market funds not registered under the Securities Act of 1933.
